AutoCAD Operator/Quality Control Assistant

An international manufacturer of industrial machine knives is seeking an AutoCAD operator/quality control assistant for its Northern Kentucky office. This position would deal with our parent company in England, vendors, OEM's, distributors and end users in extensive telephone and email interactions.

The ideal candidate should have solid mechanical aptitude, inspection experience, attention to detail, excellent computer and telephone skills. Some experience with contact management software is a plus.

The qualified candidate is expected to accurately complete industrial parts drawings and prints from customer samples, inspect industrial machine parts, expedite/schedule orders with vendors and interact with customers. A college or technical degree is preferred. Minimal travel is expected.

We offer a starting salary of \$28,000 - \$32,000 based on experience and a full benefits package including 401K. Please send resume to:

Joanne Teegarden, HR Manager  
 TGW International Inc.  
 P.O. Box 75134  
 Cincinnati, OH 45275

Or fax to (859) 283-2243 or email [jteegarden@tgwint.com](mailto:jteegarden@tgwint.com)

TGW International ([www.tgwint.com](http://www.tgwint.com)), a leading manufacturer of industrial spare parts is seeking inside sales and marketing representatives for its Northern Kentucky office. This position is not for customer service but for a proactive sales person with industrial sales experience dealing with OEM's, distributors and end users in extensive email and phone interactions.

This self starter should have solid mechanical aptitude, attention to detail, computer skills (contact management software preferred), be able to multitask, work independently and retain information and have excellent telephone skills. Additional strengths would be to read and understand blueprints. Previous experience in the packaging, processing, printing or converting industries is also a plus.

The qualified candidate is expected to maintain and service current customers and more importantly, work towards identifying and generating new accounts and markets in a fast paced environment. Minimal travel required. A college degree is preferred but not required. This is an excellent opportunity for recent college graduates as we are willing to train.

We offer a competitive base salary of \$28,000 - \$35,000 (based on experience) plus bonus and a full benefits package including 401K, with opportunity for advancement. Please send resume to:

**STREET AND ROADWORK**

**North/Center/Elm Street Repaving  
 Hillside partial street Replacement**

Street repairs, lane marking and other road related work is common this time of year. Caution should always be used when driving in areas marked for construction, wet paint etc. The safety of our workers and the traveling public is our main concern while completing the job in a timely fashion.

Whenever streets are worked on barricades, signs and other measures are used to alert the public. Barricades and barrels are used for specific reasons and they should remain in place until moved by the contractor or city personnel. This is done not only to protect the workers but the finished product and work being done. At no time should motorists or homeowners move or ignore traffic control devices.

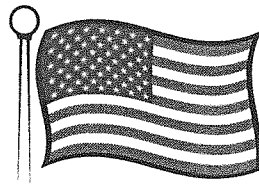

No one likes sitting in traffic or being detoured from his or her normal routine. We simply ask that everyone remain patient, pay attention to traffic control devices. The city and the contractor will make every effort to minimize inconvenience to the traveling public.

Work on these projects will begin in early August. Residents will be informed when work begins. Look for notices from the city of the contractor on your door.
